Thursday, Sept. 15, 1905.

THIS, THAT AND THE OTHER

There was 60 tons of beets delivered at the factory yesterday.

Daniel Fowler is building a brick addition to his residence.

Mr. J. Stoker in company with James K. Kham called in to see us this week.

Miss Emerett Cutler was visiting friends in Ogden the first of this week.

The harvesting of beets has begun and the factory will be running in full blast inside of a week.

M. H. Anderson returned from Fremont last Sunday. He spent most of the summer there.

On Sunday Miss Hattie Jacobs left for Salt Lake where she will learn the millinery business.

Misses Nora Thomas and Sarah A. Smith went over to Provo on Saturday to visit old school mates and friends.

A number of people went over to American Fork on Sunday to attend the M. L. A. conference.

Next Sunday will be the Anniversary of the Sunday School and on the following Monday the children are to have an out.

The Tribune on Tuesday contained a half column write up of the Sugar factory and work to be accomplished this season.

On Monday a fire broke out in the store of Sidney Stevens, at Ogden and destroyed some \$24,000 worth of property.

The school teachers met in the Central school house on Monday night and organized their association for the coming season's work.

A large crowd of boys working for the Sugar Co. began digging beets yesterday. Some of the best raisers in Springville began harvesting on Tuesday.

On Sunday Dr. Hoshaw removed a wen from the head of Miss Jehnabel Gibb. It was quite a painful ordeal but she stood it without flinching.

D. S. Hiteema caught a number of onyx claims in Canyon west of Utah Lake, last week. He reports finding a large marble ledge in that vicinity.

Some of the Walker's came down from Salt Lake on Sunday and went out to their mining prospects in the west mountains.

A rich strike was reported last week in the Utah Mine at Fish Springs. They struck a large body of good ore and all available teams were engaged to haul it to Deert.

Mr. Theo. Best, one of the leading lights of our dramatic Co., was visiting among old friends here last week. He is now taking a course of private instruction at Salt Lake.

On account of the Meeting House undergoing some repairs the Meeting and Sunday School were held in Garfield Hall last Sunday. This was very agreeable to the people and quite generous on the part of Mr. Garfield.

God, the weather and everybody else seems to be down on the Park these days, for while it is only along in the early part of Sept., we have already had snow, it having snowed lightly on the afternoon of the 14th. It has been a strange year, and may be really classed as a year without much summer—Record.

The Sunday paper contained an article showing the hostility of the American Czar to silver and how he wished to menace Congress into doing his bidding thus becoming more of a dictator and a king. It is hoped that Congress will show by its work that it is not a believer in any one man power.

The dead robbers who shot cashier Blaschley of the bank at Delta, Col. in an attempt to rob the bank have been identified as Tom and Fred McCarthy. They are a part of the McCarthy gang of Oregon and are wanted there for robbery. The man who escaped is supposed to be Billy McCarthy. They are well known in Utah, Tom having lived in Ogden and his wife being a daughter of Mr. Christensen of Ephraim and a brother of the famous Las Lewis of outlaw fame who is awaiting trial for bank robbery at Washington.

Mr. Ira D. Wines went to the capital on Monday on business.

Mr. Arthur Southwick of Springville was a visitor at our office yesterday.

The Primary associations are preparing for a conference which will be held here soon.

The new Kirkham Orchestra will give their first dance in Garfield Hall next Friday night.

There has been a change of time of the U. P. train beginning on Monday. The train goes south in the morning and north at night.

The condition of the little girl of Mr. Wm. Gurney has very much improved and with proper care will soon be around again.

The Sugar Co. intends starting up next Wednesday and all men who have been promised work should meet at the factory on Tuesday at 1 o'clock to get located.

A gang of 20 train robbers blew up the express safe of a train on the Lake shore road at Kendallville, Ind. on Tuesday securing a quarter of a million dollars. They did not molest the passengers.

The long existing feud between H. Timothy and L. Fowler culminated in another scrap on Tuesday. They were separated before much harm was done and were arrested and tried before Justice Davis that evening.

F. T. Mills has been in Salt Lake for some time working up some onyx which we had the pleasure of seeing this week. He has several polished slabs of a light orange color which are highly polished and show beautiful markings. A sample will be sent to Chicago.

All persons who have been to Beck's Saratoga warm springs and bathed therein say there is nothing like to promote health. Those persons who are suffering in any manner should go often and take a bath in these springs. Remember Wing and Ryan are on hand to take you at any time.

Mr. Henry Howes sustained a very painful and distressing accident. It appears he was getting on a wagon loaded with sacks of grain and his foot was caught in some manner and fell to the ground and the wheel passed along his leg tearing the flesh in a most frightful manner. There are no bones broken, but he was terribly bruised about the body.

We were very pleased to see our old friend Mr. Chas. Phillips on the street the other day. He has had a long spell of sickness which at one time threatened to be serious. But he has so far recovered that he is able to take ride in his buggy, and we are quite sure the people of Lehi will be very glad to learn of his improved condition.

The Largest Gun in the World is on exhibition at the Great World's Fair. You ought to see it. This is the month of months to visit the fair, pleasant days, cool nights, delightful traveling weather.

Maximum comfort enroute Chicago on the Vested Limited trains of the Chicago, Union Pacific & Northwestern Lines. See your nearest Union Pacific Agent for rates or other information.

After the Fair is over you can stay at home. Go to Chicago now and see the most complete and magnificent exhibition that has ever been held. The Vested Limited trains of the Chicago, Union Pacific & Northwestern Line will take you there with the least trouble and change.

Council Proceedings. City council convened in regular session, Mayor Evans presiding. Present Sharp, Turner, Field and Gaddie, City Attorney and Recorder. Prayer by Recorder Child. Minutes read and approved. Special committee on fire limit reported not ready to report any limit and moved it be taken up by committee of the whole after the pending business had been disposed of. Report accepted and motion carried.

Geo. Murdock petitioned for a rebate of his saloon license. After consideration it was referred to committee on license. Road Supervisor Worlton asked for instructions in regard to time of collecting road tax. Referred to Mayor as special committee; also asked for instructions as to how much should be allowed for each day's work and what should constitute a day's labor. After due consideration it was decided to leave the matter same as last year. Special committee on slaughter House limit reported not ready and moved it be considered by committee of the whole to come up with fire limit question. Report accepted and motion carried.

Committee on license reported an order for government of license consideration not completed.

An ordinance entitled Election Law was duly presented and passed unanimously. Bill of \$12.05 favor of Lehi Pub. Co. referred to A. A. Field for investigation. Adjourned until Saturday evening.

Benediction by Councilor Sharp.

Speech—

Recitation by Mosiah Evans.

Song by Kate Kirkham's class.

Closing address by Miss Eva Brown.

Closing song by school.

"Ere the sun goes down"

Prayer by the Chaplain.

The Silver Question

has been "the bone of contention" for a long time, but how few there are who understand it, or who know anything about how or where the silver itself is obtained, or how it is handled before it is made into money! To these, indeed to everyone, the excellent article on "Silver, from Mine to Mint," handsomely illustrated, which is published in DEWEY'S FAMILY MAGAZINE for October, will be especially interesting as well as instructive. Another article, "The Silver Secret," gives in a familiar and easily comprehended style all the important points about the vexed Silver Question, and the story "In the Silver Thread" tells one of those romantic incidents in the experience of an owner of a silver mine that seem too wonderful to be true, yet happen more frequently than they are recorded. The designs for lamp shades are especially apropos just now; and all the departments are replete with novelties and valuable information. This typical Family Magazine is published for only \$2 a year, by W. JENNINGS DEWEY, 15 East 14th St., New York.

Last evening a beet meeting was held in Spanish Fork. The farmers had been murmuring because the Sugar Factory would not take beets above three pounds in weight. It was thought that many beets of that size would be bogged at Spanish Fork. Investigation proved there will be few beets above the stipulated size at Spanish Fork this season.

Notice

I have concluded to remain in Lehi. Will reopen in Harwood's building where I will give my customers the benefit of cheap prices and good goods. We carry a full stock of Genie's Furnishings Goods which will be sold one-half cheaper than any other store in the West. Everything we have in stock will be sold at prices that no other Utah store can compete with. Believe what I am saying.

Come and examine our New Stock and compare prices with others.

J. WEINBERG.

One door west of the old Post Office Lehi City Utah.

Ask Your Friend.

Who have taken Hood's Sarsaparilla when they think of it, and the replies will be positive in its favor. One has been cured of indigestion and dyspepsia, another finds it indispensable for sick headache, other report remarkable cures of eczema, salt rheum others blood diseases, still others will tell you that it overcomes "that tired feeling" and so on. Truly, the best advertising which Hood's Sarsaparilla receives is the hearty endorsement of the army of friends it has won by its positive medicinal merit.

Among the incidents of childhood that stand out in bold relief, as our memory reverts to the days when we were young none are more prominent than severe sickness. The young mother vividly remembers that it was Chamberlain's Cough Remedy cured her of croup, and in turn administered it to her own offspring and always with the best results. For sale by People's Co-op.

Another week is very

unusual record for this city. Last week the citizens were twice surprised to hear such news. The last one was Mrs. Ellen Barnes, wife of Charles Barnes, who took strychnine on Saturday morning.

She finished up her work that morning, went to the store for some small purchases which she brought home. After straightened up the house she went to Mr. Barnes' desk and took out a bottle of strychnine which had been there for a number of years, and started off towards town. Before reaching the residence of T. R. Jones she must have taken some of the poison for she staggered in the gate to the porch and called loudly for a drink. Mr. Sorenson was near and ran to her assistance. As soon as he reached her she stiffened out and after a few convulsive struggles died in great agony, those near being powerless to render her any aid. The presence of the strychnine bottle showed what had caused her death.

He folks were notified and a messenger was sent to notify the marshal. A coroners' jury was immediately summoned and an inquest held over the remains. They brought in a verdict of death from an overdose of strychnine administered by her own hand while in a fit of despondency.

The funeral was held on Sunday morning.

Mrs. Martha Featherstone has received her certificate from the Board of Medical Examiners and is therefore licensed to practice obstetrics, or midwifery in the Territory. Calls answered promptly day or night.

A little boy of Mrs. McDonald's, living near here, fell against a red hot stove and was fearfully burned. The pain was terrible, and it was thought the burn was so severe as to scar the child for life. I sold the lady a bottle of Chamberlain's Pain Balm, which, after greasing the sore, she applied. It soon removed all fire and eased the pain, and in ten days the boy was well, no trace of the scar remaining. J. D. McLaren, Keyport, Clinton county, Ill. For sale by People's Co-op.

CAPTAIN SHERKEY, U. S. A. San Diego Cal. says: "Sikah's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50c Sold by D. E. Ellingson.
